SUMMARY

I am a computer science student currently studying at Maharaja Surajmal Institute of Technology. I have a passion for working in a team and enjoy collaborating with others to create innovative projects. Learning new programming languages is something I find exciting, and I am always eager to expand my knowledge in this area. I also enjoy making new friends and fostering meaningful relationships.

GEEK ROOM Society | 2023 - Present

ACHIVEMENTS

Got 3rd position in HACKNSUT HACKATHON
I have created a website with my team members on my very first Hackathon at NSUT an 60 other teams . Our mission with this site was to give free education to children at rural area and teach parents why our site is best for their children's future. The importance of English. I worked on Fronted UI/UX and Games.

Got 3rd position in HACKAVENUE HACKATHON
I have created a website with my team members in Hackavenue at MSIT. A site which help people with their mental problems, depression, anxiety, etc. We have integrated a real time AI virtual friend and Yoga Posture detection for perfection, and some more exciting features for the user. I worked on Fronted UI/UX and Games.
